2011 – 2012

SPONSOR GUIDELINES

NAWIC EDUCATION FOUNDATION BLOCK KIDS BUILDING PROGRAM

The Block Kids Building Program is a national building competition which is sponsored on local levels. Local winning entries advance to Regional competition, and one semi-finalist from each region is entered in the National Program competition.

The Construction Industry faces a workforce shortage that poses a serious problem for our national economy. In order to meet the demand for construction, the industry needs to attract, educate and train about 240,000 newcomers annually.

The Block Kids Program introduces children to the construction industry in an effort to create an awareness of and to promote an interest in future careers in one of the many facets of the industry.

The program is non-discriminatory and as such is open to all elementary school children in grades one (1) through six (6). All eligible children must participate through a recognized Sponsor.

Block Kids is a program developed by the National Association of Women in Construction (NAWIC) and administered by the NAWIC Education Foundation, a 501(c)3 Charitable Corporation. The Foundation shall be the sole authority on rules and guidelines regulating same and for decisions relating to the continued use of this program. At the sole discretion of the Board of Trustees, this program may be discontinued at the conclusion of any year's annual program, with notification given to NAWIC, to all NAWIC chapters and to Sponsors that the program will not be continued the following year.
